A photograph of a garden bed. In the foreground, there is a low, rustic stone border made of grey, rectangular stones. Behind the border, a dense cluster of bright red flowers, likely Impatiens, is in full bloom. The flowers have five petals and yellow centers. Above the red flowers, there are dark green, leafy plants, possibly Begonias, with some small white flowers visible. The background is slightly out of focus, showing more greenery and a hint of a stone wall on the left.
